

Harmony Fusion Records, LLC

Financing the Label — Investment One-Pager

Overview

Harmony Fusion Records is a multi-platform creative company at the intersection of music and film. To accelerate growth, we are seeking strategic investment to expand production capacity, strengthen marketing reach, and scale distribution channels.

Funding Needs

Category	Purpose
Music Production	Recording, mixing, mastering, and releasing projects from DJ Hazard 58 and other artists.
Film Production	Developing original works such as 'The Ascension of Moses Cohen' with integrated soundtracks.
Marketing & Promotion	Campaigns across digital platforms, live events, and global streaming services.
Distribution & Infrastructure	Expanding access to international streaming, sync licensing, and physical channels.

How Capital Fuels Growth

- Music Releases — Every dollar invested in production scales into streaming revenue, publishing rights, and live performance opportunities. Ownership of masters ensures long-term royalty streams.
- Film Projects — Financing supports original productions with multiple revenue paths: theatrical/streaming distribution, licensing, and soundtrack monetization.
- Brand Expansion — Investment accelerates Harmony’s growth from a new label into a recognized entertainment brand across music, film, and live experiences.

Funding Ask

Harmony Fusion Records is currently seeking strategic investment. A detailed budget and financial breakdown are available upon request.
